### Gastrointestinal Parasite and Microsporidia by PCR

**Cryptosporidium by PCR** | Not Detected
---|---
**Giardia by PCR** | Not Detected
**Entamoeba histolytica by PCR** | Not Detected
**Dientamoeba fragilis by PCR** | Not Detected
**Cyclospora cayetanensis by PCR** | Not Detected

**Interpretive Information:** Gastrointestinal Parasite Panel by PCR

A negative result does not rule out the presence of PCR inhibitors in the patient specimen or test-specific nucleic acid in concentrations below the level of detection by this test.

Test developed and characteristics determined by ARUP Laboratories. See Compliance Statement B: aruplab.com/CS

**Microsporidia by PCR, Source** | Stool
---|---
**Enterocytozoon bieneusi by PCR** | Not Detected
**Encephalitozoon species by PCR** | Not Detected

**Interpretive Information:** Microsporidia by PCR

A negative result does not rule out the presence of PCR inhibitors in the patient specimen or test-specific nucleic acid in concentrations below the level of detection by this test.

Test developed and characteristics determined by ARUP Laboratories. See Compliance Statement B: aruplab.com/CS
